

DELTA® COMMERCIAL
MATTE BLACK COLLECTION

MEET MATTE BLACK

THIS FINISH MAY NOT BE SHINY,
BUT IT'S CERTAINLY NOT DULL.

Matte Black finish brings confidence and sophistication to a variety of settings. Featured on select electronic flush valve, faucet and soap dispenser models, our Matte Black finish makes a bold modern statement in design-forward hospitality and public spaces. And their beauty isn't only skin deep. Our Matte Black products boast innovative features like H₂Optics® and Proximity® sensing technologies, as well as simple installation and maintenance. Get the style you want with the performance you need from Delta Faucet.

620TP SERIES ELECTRONIC GOOSENECK FAUCET IN MATTE BLACK

Delta® Commercial Faucets with Proximity® Sensing Technology allow the user to turn on the water by simply placing a hand near the faucet spout. The entire faucet body acts as a sensor, responding when activated. They are designed for tough conditions and busy facilities that require hands-free operation, vandal resistance, reliable operation and ease of maintenance.

620TP Series

SINGLE-HOLE GOOSENECK FAUCET WITH PROXIMITY® SENSING TECHNOLOGY

- Hardwire, battery, plug-in or less power models available*
- Cast brass body
- Base model trim ships with surface mounted control box and no mixing valve (order separately)
- Available optional recessed mount control box – with or without thermostatic mixing valve
- Optional 4" coverplate available
- 5 year Delta® Commercial Faucet Limited Warranty
- WaterSense® labeled models available

*Order AC filter and transformer separately for hardwire models. Batteries included for battery-powered models. Power supply included for plug-in models. Less power models to be used with plug-in power model for multiple faucet installation, ganging/splitter wire supplied with LP models.

ELECTRONIC SOAP DISPENSER IN MATTE BLACK

The perfect complement to our Matte Black gooseneck faucet, this electronic soap dispenser features a solid metal spout with anti-rotation pin to aid with vandal resistance, and a large refillable 1,000 ml bottle.

DESD-751-BL

ELECTRONIC SOAP DISPENSER

- All-metal spout with anti-rotation pin
- Battery powered, 6 "D" cell batteries included
- 1,000 ml (33.8 oz) refillable bottle
- Soap not included, to be used with standard liquid soaps with a viscosity up to 3,000 cPs
- Adjustable soap quantity with remote (order separately)
- Compatible with raised sink lips up to 1" high
- 3 year Delta® Commercial Faucet Limited Warranty

AVAILABLE ACCESSORIES:

- 061311A – Optional remote control
- 061310A – Plug-in power supply (to convert battery-operated to plug-in)
- 061372A – 1,000 ml (33.8 oz) refillable soap bottle

81T SERIES ELECTRONIC FLUSH VALVES IN MATTE BLACK

The 81T Series of flush valves feature H₂Optics® Technology, which accurately calculates the distance from the user to operate dependably and consistently, regardless of interference factors such as dark clothing or lighting conditions.

The Delta® EZ Adjust® system allows flush volume adjustments, on field-adjustable models, to be made with a simple turn of an external adjustment screw. There is no need to turn off water supply lines or replace integral parts such as diaphragms or pistons when adjusting flow rates.

A true manual mechanical override button allows the unit to be flushed when power is unavailable.

81T201HWA-MMO-BL - Hardwire
81T201BTA-MMO-BL - Battery

EXPOSED FLUSH VALVE WITH INTEGRAL SENSOR FOR 1 1/2" TOP INLET WATER CLOSET

- Cast brass body and stop
- Chloramine-resistant diaphragm
- True mechanical manual override
- Replaceable lens window
- H₂Optics® Technology
- Factory set at 1.6 gal. (6 Litre) flush – field adjustable
- 5 year Delta® Commercial Faucet Limited Warranty
- Also available in this series: WaterSense® labeled 1.1 and 1.27 gpf (4.2 and 4.8 Lpf) fixed models

81T231HWA-MMO-BL - Hardwire
81T231HWA-BTA-BL - Battery

EXPOSED FLUSH VALVE WITH INTEGRAL SENSOR FOR 3/4" TOP INLET URINAL

- Cast brass body and stop
- Chloramine-resistant diaphragm
- True mechanical manual override
- Replaceable lens window
- H₂Optics® Technology
- Factory set at 0.5 gal. (1.9 Litre) flush – field adjustable
- 5 year Delta® Commercial Faucet Limited Warranty
- Also available in this series: WaterSense® labeled 0.125 gpf (0.5 Lpf) fixed models
